

PURER THAN GOLD

By Dan Garnett
4/4 - D – Capo 2nd

Chorus: ^{D G A D} Purer than gold, Purer than gold.

^{A G D} I want to be, Much purer than gold.

^{G A D C# Bm} With the fire from Your eyes, Refine my soul.

^{A G D G D} Please, take all the dross, Make me purer than gold.

^{D G A D} 1. Whenever I kneel, At the throne of Your grace,

^{A G D} I seem to see, The stain of sin on my face.

^{G A D} The same crimson stain, That tinges my heart,

^{A G A} And all of the things, Which keep us apart.

2. I really try, To follow Your will,

Yet time and again, I so often fail.

To show You my love, In the things that I do,

Lord, cleanse my soul, And make me like you. (Chorus)

3. I thank You Lord, For doin' what You say,

For not givin' up, When I lose my way.

Your love never fails, It's new every day,

Complete Your good work, By havin' Your way. (Chorus)
